Academic Vice President

Re: Placement in Pharmacy and Dental Medicine

It is to be recalled that you have been conducting entrance exam for first year students who made Dental Medicine and Pharmacy their first choice. Through the course of time, we have come to realize that the process will create problems in the placement procedure installed in our system. This is, therefore, to kindly request your good office to drop the entrance exam for Pharmacy and Dentistry. Please be informed that in order to address some irregularities, the students shortlisted to take entrance exam for Pharmacy and Dentistry will be placed to their department of choice based on their semester GPA and University Entrance Exam like other disciplines.

Best regards.
